

# The Crescent Project Film Club News

**Our Film Club in the Malt Shovel Hotel**

The Malt Shovel function room makes an ideal little cinema.

We can seat 35 people in relaxed comfort.

It is well situated in the centre of Pontefract with ample parking and level access.

Good acoustics and view make for a good all round cinema experience.

With the bar next door our audience can enjoy a drink before, during and after our films.

Our displays in the bar area reflect our project to reopen the Crescent Cinema as well as information about our feature film.

We are a small team that works hard to deliver the film club programme. We need more volunteers on our rota to share the load. Roles needed:-

**JOIN OUR TEAM**

- # on the entrance desk
- # selling raffle tickets on the night
- # unloading and moving equipment and chairs
- # setting up and operating the equipment
- # taking down and packing away the equipment
- # distributing posters and fliers

The Crescent Project exists to raise the funds needed to transform the Crescent Cinema on Roper-gate into an activity and entertainment centre to do Pontefract proud.

A prime purpose of the Film Club is to demonstrate that a cinema in Pontefract would be viable.

We have completed our first calendar year of films testing the market and securing a suitable venue. We started with the intention of showing a film once every two months but this soon grew to once a month. Our films have ranged from well known classics to science fiction, from over the top cult films to cuddly heart warmers.

In 2017 we will be showing two films a month one of which will be a film we expect people will know, and the other will be a less well known film from an independent British film producer or the wider world. We hope by doing this that our audience will find new films to love.
